### *Great Start Readiness Program (GSRP) and Early Childhood (EC) Addendum*

***Note: The term "district" also applies to public school academies and community-based organizations for the GSRP EC Addendum.***

As a result of COVID-19 and the closing of school buildings for the 2019-2020 School Year, school districts must submit a Continuity of Learning and COVID-19 Response Plan ("Plan") in order to continue to receive state aid for operations. Although schools are closed and not providing in-person instruction, teaching and learning must continue. Michigan educators have been called to provide our students with continued learning.

There are varied states of readiness to provide continuity in learning among districts. Even within districts of multiple school sites, there are varied states of readiness. It is expected that schools will provide instruction at a distance using a variety of methods that meet local needs, including printed materials, phone contact, email, virtual learning, or a combination to meet student needs. We should avoid assuming that continuity in learning can only occur through online means.

While many educators have been providing distance learning opportunities, the Governor's Executive Order ([EO 2020-35](#)) requires all schools to begin providing learning opportunities for all students no later than April 28, 2020. Districts who are able to begin their plans earlier are encouraged to do so.

Each District shall submit a single completed Assurance Document, Budget Outline, and Continuity of Learning Plan to its Intermediate School District. Each Public School Academy shall submit a completed Assurance Document, Budget Outline, and Continuity of Learning Plan to its Authorizer. A single Application should be filed for the district rather than multiple applications for individual schools within a district. The following items are required for the application which may be submitted beginning April 8, 2020:

1. Assurances Document
2. Continuity of Learning Plan
3. Budget Outline

## **Continuity of Learning and COVID-19 Response Plan ("Plan") Guiding Principles**

As Districts and Public School Academies complete the Assurances and Continuity of Learning Plans, they should consider utilizing the following principles to guide their work:

### **Keep Students at the Center**

Intentional outreach to continue building relationships and maintain connections. Help students feel safe and valued. At minimum, plan to do the following:

- **Plan for Student Learning:** Build on each student's strengths, interests, and needs and use this knowledge to positively affect learning.
- **Develop a Weekly Plan and Schedule:** Offer routines and structures for consistency and for the balancing of think time, work time, and play time for health and well-being.
- **Contact Families:** Partner to support student learning through ongoing communication and collaboration. This will not look the same for every student and family—safety remains the priority. Provide translations as necessary.

### **Design Learning for Equity and Access**

Plan and deliver content in multiple ways so all students can access learning.

- **Teach Content:** Set goals using knowledge of each student, content area standards, and of Michigan Merit Curriculum.
- **Deliver Flexible Instruction:** Consider how to deliver content depending on tools and resources accessible to each student. Alternative modes of instruction may include use of online learning, telephone communications, email, virtual instruction, videos, slideshows, project-based learning, use of instructional packets, or a combination to meet diverse student needs.
- **Engage Families:** Communicate with families about engagement strategies to support students as they access the learning. Families are critical partners. Provide translations as necessary.

### **Assess Student Learning**

Manage and monitor student learning and plan what's next for learning including the potential need for summer and supplemental learning.

- **Check Student Learning:** Use a variety of strategies to monitor, assess, and provide feedback to students about their learning.
- **Make Instructional Adjustments:** Use formative assessment results to guide educators' reflection on effectiveness of instruction and to determine next steps for student learning.
- **Engage Families:** Communicate with families about assessment results in order to inform next steps and the potential for supplemental summer learning. Provide translations as

necessary.

***Great Start Readiness Program (GSRP) and  
Early Childhood (EC) Addendum***

***Note: The term "district" also applies to public school academies and community-based organizations for the GSRP EC Addendum.***

*The goal of a Continuity of Learning Plan and COVID-19 Response Plan is to ensure that each District or Public School Academy is providing, to the best of its ability, each student with alternative modes of instruction to help them stay on pace in their learning. This application recognizes that there is no "one-size-fits-all" solution; multiple means of engaging students and supporting families may be necessary that may vary by grade level, school building, or student population served.*

For the purposes of the Plan, "district" refers to school districts and public school academies.

In accordance with Executive Order 2020-35 a Plan must include all of the following parts:

1. Please describe the methods the district will use to provide alternative modes of instruction other than in-person instruction and a summary of materials each pupil and the pupil's parents or guardians will need to access meaningfully the alternative modes of instruction included in the Plan. If the Plan relies on electronic instruction, the Plan must ensure to the extent feasible that pupils have access to a connected device capable of accessing the electronic instruction and must not penalize a pupil for the pupil's inability to fully participate.

*“Alternative modes of instruction” means modes of pupil instruction, other than in-person instruction, that may include, without limitation, partnerships with other districts or intermediate districts or community colleges or institutions of higher education, use of vendors, use of online learning, telephone communications, email, virtual instruction, videos, slideshows, project-based learning, use of instructional packets, or a hybrid of multiple modes of learning that still promote recommended practices for social distancing to mitigate the spread of COVID-CD.*

**District/ PSA Response:**

Heartfelt Impressions will continue virtually and by phone interactions and instruction to provide children and families with relationship-based support built from their individual strengths, interests, and needs. Our strategies are grounded in relational trust, well-being, and equitable learning opportunities as delineated in [Oakland Schools GSRP Guidance for Continuity of Child Development and Learning Plans](#). During the first week of program closure, parents received a survey to find out the best mode to continue instruction and communication (this will include assessing the devices and internet connectivity families currently have or may need us to provide) . From that survey each classroom created a private Facebook page where they post all communication, activities and continued instruction. Teachers contacted each family by phone and/or text message through Brightwheel to confirm this method going forward. After the Facebook groups were created, all lesson plans, zoom meetings and read alouds were done through this page. They also continue to use Brightwheel as a messaging platform. Teaching staff also create weekly home activity bags with materials for literacy, math and science activities, e.g., puzzles, counting bears and other math manipulatives, paper, crayons, markers, scissors, glue, and high-quality children's books to build family libraries for home learning. All supplies and directions are included. These are dropped off at the child's house. Through hard copy and digital resources, including “real time” and “anytime” video lessons and communication, we will provide ongoing support for children's enhanced well-being and learning from a distance that cannot be “in person” at this time but will be personalized.

2. Please describe the methods the district will use to keep pupils at the center of educational activities, including outreach to continue building relationships and maintain connections, and to help pupils feel safe and valued.

**District/ PSA Response:**

Heartfelt Impressions will reference [OS GSRP Guidance for Continuity of Child Development and Learning Plans](#) on maintaining positive relationships with families and differentiating support in a strengths-based way to meet each child's needs, especially focusing on:

- Share the two main priorities for parents at this time: taking care of themselves and connecting with their children;
- Set a sensitive and meaningful family/child goal together related to self-care and/or making connections with children;
- Share encouragement, gentle ideas, and a meaningful resource for implementing parenting/child development strategies for home which fit flexibly into current family life ;
- Maintain connections, exchange updates, provide intentional and responsive supports, discuss concerns, and celebrate any successes

To meet the needs of each individual family situation, we conducted a survey and made phone calls to parents that did not complete the survey to find out what support and resources they need during this time and how they want to receive communication and instruction for their children. Teaching teams each set up weekly office hours for families to reach out to them by phone, email or messaging. The teachers also have done weekly classroom zoom meetings and individual zoom meetings to check in on families well-being and offer necessary support and resources. The teaching team will reach out by phone and/or messaging if a family does not have any contact for more than three consecutive days. Teaching teams will post messages and questions on the class Facebook page at least weekly that encourage exploration and conversation amongst families and will engage in reciprocal responses. Teaching teams will deliver hands-on activities to each family weekly in addition to posting an "at home" weekly lesson plan.

In addition, teaching teams will provide each family an opportunity to participate in an end of year conference. We are guided to document the conversation with [the sample form developed by Oakland Schools](#).

3. Please describe the district's plans to deliver content in multiple ways so that all pupils can access learning.

**District/ PSA Response:**

Heartfelt plan provides mixed media delivery for GSRP children, including but not limited to classroom and individual zooms, social media posts and activities, and weekly activities placed on the front porch of each residence. Alternative plans will be made for families that do not have access to technology or social media. This will include additional hands-on activities delivered to the home and personal phone calls with the teachers. Plans will include both small group and individualized instruction that will also meet the needs of children with special needs. Plans submitted are assessed for cultural responsiveness to the community served.

4. Please describe the district's plans to manage and monitor learning by pupils.

**District/ PSA Response:**

GSRP teaching teams will document daily/weekly lesson plans and interactions with children and families. These plans will be made accessible to the Early Childhood Specialist (ECS). Teachers will also input observations of learning into the Child Observation Record (COR) system. The ECS will support and coach teaching teams related to child learning. If a child has not been reachable by the teaching team, there will be detailed documentation of the attempts made i.e. phone calls, emails, texting, driving by the home address, calling the next contact(s) on the emergency card.

5. Please attach a budget outline estimating additional expenditures associated with the Plan and sources of revenue to pay for those expenditures.

**District/ PSA Response:**

Costs to include:

- Manipulatives (many are spending within their budgeted amount)
- Consumables (many are still spending within their budgeted amount)
- Teacher and Associate Teacher salaries

We do not expect to incur additional costs beyond our GSRP allocation to support implementation of this plan. If, at any point, we forecast a difference of spending that is equal to or greater than 10% of a subtotal we will notify the ISD to attain review and approval prior to moving forward.

6. Please describe the manner in which district administrators, board members, teachers, and any representatives of teachers collaborated in development of the Plan.

**District/ PSA Response:**

Heartfelt Impressions GSRP Teacher and Associate teachers notified children and parents or guardians of the plan through a variety of methods including program email, messages sent through Brightwheel, social media, and telephone calls.

We understand families have the right to opt out of participation in this continuity of learning plan. If a family communicates that to our program, we will document it and keep on file in the child's folder.

7. Please describe the methods the district will use to notify pupils and parents or guardians of the Plan.

**District/ PSA Response:**

We will communicate via the Facebook page and Brightwheel what is happening for each classroom.

8. Please provide an estimate of the date on which the district will begin implementation of the Plan, which must be no later than April 8, 2020.

**Note: 5/7/2020 GSRP/EC**

**District/ PSA Response:**

Implementation of this plan began on March 23 and will continue through the end of our GSRP calendar year, which is May 28.

**9. Not Applicable GSRP/EC**

10. Please describe how the district will continue to provide or arrange for continuation of food distribution to eligible pupils.

**District/ PSA Response:**

We refer families to their local school district to receive food distribution in their community and follow-up with families to ensure that they were able to access this method of food distribution.

11. Please confirm that the district will continue to pay school employees while redeploying staff to provide meaningful work in the context of the Plan, subject to any applicable requirements of a collective bargaining agreement.

**District/ PSA Response:**

Heartfelt Impressions has continued to pay GSRP lead teachers and associate teachers while deploying staff to provide meaningful work within the context of the plan and in accordance with the Governor's executive order 2020-65.

12. Provide describe how the district will evaluate the participation of pupils in the Plan.

**District/ PSA Response:**

Efforts to communicate and connect with children and families will be tracked utilizing the program's communication log to document frequency (with dates/times), type, duration and family response. This includes family check-ins, classroom zooms, individual zooms, small group zooms, read aloud, responses to questions posted on Facebook and feedback from weekly activity bags disbursed. Dates and notes will be recorded to detail families who opt out of further participation. Each teaching team will review communication logs to ensure outreach efforts and to identify effectiveness. Teaching teams will ask families during check-ins about how learning is going. If gaps are determined, the program will work with families to problem-solve a solution to continue virtual learning. Teaching teams will enter child observations into the COR Advantage that are collected from either live contacts or from family submissions. Written lesson plans will document opportunities for children's individualized learning.

13. Please describe how the district will provide mental health supports to pupils affected by a state of emergency or state of disaster prompted by COVID-19.

**District/ PSA Response:**

Heartfelt Impressions teaching teams are reaching out to individual families via surveys, phones and messages to nurture strong relationships and identify needs and strengths of families and children. Through these trusting relationships, staff are prepared to refer families to available mental health supports for children and/or adults. Staff may contact their ECS, Oakland Schools Early Childhood Mental Health Consultants, and/or Help Me Grow Care Coordinators to stay up to date on available mental health supports for children and families. Teachers have also provided families with several self-care ideas and reminders for parents.

14. Please describe how the district will support the efforts of the intermediate district in which the district is located to mobilize disaster relief childcare centers as described in Executive Order 2020-16 or any executive order that follow it.

**District/ PSA Response:**

We stand ready to work with Oakland Schools, our local health department, and child care licensing to provide a child care center for disaster relief if needed. Oakland Schools has been working throughout the community to coordinate emergency child care for children birth through 12 years for essential workers in collaboration with Help Me Grow. At the time that we are writing this plan we are currently open to serve the children of essential workers. If we are in need of materials to provide disaster relief we will communicate that through the system established for our county.
